

## **2018 TEMC & BHGF International Medical Forum & The 7th Harvard China Program Experience Exchange Conference was Successfully held in Xi'an**

From November 10th to November 11th 2018, with the support of Shaanxi Province Health Commission, hosted by The International Emergency Management Society Emergency Medical Committee (TEMC), Beijing Huatong Guokang Foundation (BHGF), and undertaken by The First Affiliated Hospital of Xi'an Jiaotong University, Shaanxi Provincial People's Hospital, Xi'an Central Hospital, 2018 TEMC & BHGF International Medical Forum & The 7th Harvard China Program Experience Exchange Conference was successfully held in Xi'an. The conference invited more than 10 foreign experts from top international medical institutions, including The International Emergency Management Society (TIMES), Harvard Medical School, Australian Medical Association etc. There are altogether 300 leaders of health administration department and hospital presidents from all over China attending the medical festival.

Liu Baoqin, Director of Shaanxi Province Health Commission introduced development of medical and health services in Shaanxi and corporation with TEMC & BHGF. Director Liu indicated that it's a great chance to fasten the medical exchange and international cooperation, and promote the medical and health services of Shaanxi. She expected the scope of exchange and intension of corporation can be widened, advanced medical technology and management can be learned in the future, in order to implement Health China Program and ensure people's health.

Chen Ran, the Director of TEMC and the Chairman of BHGF said, during the past years, with support of all the administrative departments, TEMC & BHGF has closely focused on the policy of Health China Program, caring for medical personnel as the central task, helping the poor, and from three aspects of hospital, medical personnel and patients to positively carry out charity activities, so as to improve the development of Chinese health services. The successful completion of the forum aims to build a sustainable mutual high-end communication platform.

At the meeting, K. Harald Drager, President of The International Emergency Management Society(TIMES), David A Hirsh, Dean of the Harvard Medical School Academy of Educators, Jan-Henrik Norberger, General Manager for Education and Training of Australian Medical Association, Qu Guosheng, Vice President of The International Emergency Management Society(TIMES), Xue-Jun(June) Kong, Massachusetts General Hospital, and Shi Bingyin ,president of The First Affiliated Hospital of Xi'an Jiaotong University, Jiang Lihong, president of the First People's Hospital of Yunnan Province, Li Bing, president of Liuzhou Worker's Hospital delivered speech and shared experience respectively, *Saving lives by optimizing patient logistics-from stretcher to a holistic medical rescue strategy-A Norwegian Approach*, *The educational science and the story of the Harvard Medical School longitudinal integrated clerkship*, *Quality healthcare systems an Australian perspective*, *The trend of Improving the capacity for heavy and catastrophic rescue*,

*Artificial intelligence and integration of East-West - the globalization of medical modernization, Imaging of future hospital, Building intelligent hospital to improve patient care, Building intelligent hospital in mobile Internet era- a practice from Guangxi Zhuang Autonomous Region Liuzhou Workers Hospital.*

On the afternoon of November 10<sup>th</sup>, Releasing Ceremony of Learning Report Album of the 9th Session Hospital Presidents Education Program in Harvard was witnessed by the participants of all session programs. Liu Baoqin, Director of Shaanxi Province Health Commission, Li Hongjie, Director of Discipline Inspection Department of Shaanxi government stationed in Shaanxi Province Health Commission, K. Harald Drager, President of The International Emergency Management Society, David A Hirsh, Dean of the Harvard Medical School Academy of Educators, President Sun Zhenlin from Shaanxi University of Chinese Medicine, Chen Ran, the Director of TEMC and the Chairman of BHGF, Secretary Zhu Hong from Nanfang Hospital, Vice President Shen Ye from the First Affiliated Hospital of Zhejiang Medical University, they hosted the ceremony, presenting the guests for Album issuing, shared the joy with all participants.

After competitive election speech given by representative from hospitals from different provinces and voting onsite, 2019 TEMC & BHGF International Medical Forum & the 8th Harvard China Program Experience Exchange Conference would be held in Kunming, Yunnan province. The First Affiliated Hospital of Kunming Medical University will undertake the forum with the joint effort of The First People's Hospital of Yunnan Province.

Over the years, TEMC & BHGF has adhered to the establishment of a public welfare-support platform and an international high-end resource platform to help Chinese medical institutions build cooperation with world-renowned universities and hospitals. The successful completion of 2018 TEMC & BHGF International Medical Forum & Harvard Medical School China Program Experience Exchange Conference has effectively consolidated the medical exchanges achievements between China and foreign countries, responded to One Belt One Road initiative, established regular communication mechanism and continued international high-end dialogue, facilitating the cooperation between China and western countries in medical exchange and cooperation.
