

# TIEMS China Chapter 2020 Annual Conference

On 18 September 2020, The International Emergency Management Society (TIEMS) China Chapter Annual Conference was successfully held in Shenzhen. This was held in parallel to the 3rd Chinese International Emergency Industry Conference (2020) and 2020 Emergency Rescue Equipment Industry Technology Innovation Strategic Alliance Annual Conference. More than 500 participants from the Chinese Academy of Sciences, Chinese Academy of Engineering, scientific research institutes, universities, business enterprises and institutions from the field of emergency management in China and abroad attended the conference.

The conference was hosted by the China Chapter of The International Emergency Management Society (TIEMS), the Shenzhen Institute of Disaster Prevention and Mitigation Technology, the General Institute of Emergency Research of Xinxing Jihua Group, the Strategic Alliance for Technological Innovation in the Emergency Rescue Equipment Industry, the International Union of Emergency Safety Industries, and guided by the Shenzhen Emergency Management Bureau, the Shenzhen Trade Promotion Commission, the Shenzhen Municipal Bureau of Industry and Informatization, the Shenzhen Health and Health Commission, the Shenzhen Science and Technology Association, and the Natural Disaster Engineering Emergency Rescue Center of the Emergency Management Department.

With the theme of "Innovating Science and Technology Security and Promoting the Development of the Bay Area Together", the conference invited experts and scholars in the field of emergency management, such as the expert committee of the National Disaster Reduction Commission, the Chinese Academy of Engineering, the Chinese Academy of Sciences, the China Chapter of The International Emergency Management Society (TIEMS) and scientific research institutes of colleges and universities, and invited experts, scholars, government departments and industry representatives from both China and abroad in the field of emergency management and emergency industry to attend the conference.

The Chairman of the Expert Group on Emergency Management under the State Council, the Deputy Director of the Expert Committee of the State Disaster Reduction Commission, and the president of China Chapter of TIEMS

The leaders of the Shenzhen Emergency Management Bureau welcomed the speech by the head of the emergency management expert group of the State Council, the vice chairman of the expert committee of the National Disaster Reduction Commission and the president of China Chapter of The International Emergency Management Society (TIEMS), Mr. Shan Chunchang, who gave a speech on several reflections on the improvement of the national emergency management system. Fan Weicheng, academician of the Chinese Academy of Engineering and dean of the Institute of Public Safety of Tsinghua University, gave a speech entitled "A little reflection on enhancing
